

# Botox, Dysport, Jeaveua, Xeomin, & Daxxify

## Post Care Instructions

- Remain upright for the next 3 hours post injection.
- Avoid rubbing the treatment areas.
- Keep your activities low-key, save your high intensity workouts for tomorrow.
- After your treatment, no facials, massages, dental work, brow or lash services on the same day as your tox.
- Avoid wearing hats the same day as your treatment.
- By the evening of your tox day, you may wash your face and sleep in any position, even on your stomach.
- Allergic reactions are rare, but you can always reach out if you have any concerns,
- If you develop a headache, you can take Ibuprofen or Tylenol to treat your symptoms, but please take as directed.
- It will take up to 2 weeks to have your full result.
- It is safe to do touch-ups, if needed, after 2 weeks.
- If this is your first treatment, we always offer a follow-up visit to check your results. Please call us to book.
- Typical results last:
  - Botox, Xeomin, and Jeaveau 3 months
  - Dysport 3-4 months
  - Daxxify 4-5 months
  - Lip Flips typically last 6-8 weeks
